

RUVE K. MOPON

WordPress Developer | Virtual Assistant

+63 991 9456 396 | mopon.ruve01@gmail.com | linkedin.com/in/ruvemopon123 | La Trinidad, Philippines

PROFESSIONAL SUMMARY

Freelance web developer with hands-on experience designing, building, and customizing WordPress websites for clients across a range of industries. Specializes in PHP, Advanced Custom Fields (ACF), custom theme development, and custom post types, with a track record of delivering tailored, functional solutions — from interactive content frameworks to site migrations and performance optimization. Currently expanding into Webflow for modern, low-code site design and development, alongside workflow automation using n8n. Recognized for strong English communication, quick adaptability to new tools and client requirements, and a growing focus on AI-assisted development.

SKILLS

Core Skills

- **Web Development:** Strong proficiency in HTML and CSS; working knowledge of JavaScript and jQuery, supplemented by AI-assisted tools; experienced with PHP for WordPress development.
- **WordPress Development:** Built mobile-responsive WordPress sites from Figma designs using custom company themes; implemented ACF Fields, Gravity Forms, and the Classic Editor; used the Bootstrap grid system for responsive layouts; managed hosting and migrations primarily through WP Engine.
- **Plugins:** Experienced with Gravity Forms for form management, Autoptimize for site speed and performance optimization, and ACF Pro including Flexible Content fields for building flexible, client-editable page layouts.
- **Quality Assurance:** Reviewed completed sites against Figma designs to confirm visual accuracy, resolved bugs, and incorporated client-requested revisions.
- **Site Optimization:** Improved site speed and performance using industry-standard optimization tools.
- **AI Tools:** Applied ChatGPT, Gemini, and Claude to support debugging and development workflows.
- **Web Design:** Working knowledge of Figma for web design.
- **Webflow:** Working knowledge of building pages in Webflow.
- **SEO Tools:** Familiar with Ahrefs and similar tools for basic SEO research.

Soft Skills

- Strong English communication skills, written and verbal
- Quick learner; adapts easily to new tools and technologies
- Effective client-facing communication
- Problem-solving and self-directed work style

WORK EXPERIENCE

Thomas Digital Web Design — 2024

- Converted Figma designs into fully functional WordPress websites using a custom company theme, ACF Pro, and Gravity Forms
- Performed quality assurance edits to align completed sites with client design specifications and requests
- Improved SEO performance and page load speed across client sites
- Optimized websites for full mobile responsiveness
- Diagnosed and resolved development issues, bugs, and broken pages
- Consistently achieved PageSpeed scores of at least 60 (mobile) and 80 (desktop) across delivered sites

EDUCATION

AMA Computer Colleges — 2022 – 2023

BS in Information Technology

Cordillera Regional Science High School — 2016 – 2022

STEM Graduate, with Honors
